---

## WORK EXPERIENCE

### Engineering Intern – Arcfield, Chantilly, VA

*June 2024 – August 2024*

- Worked on a team of six interns to develop a multi-cloud failover system between AWS, Azure, and GCP
- Containerized past intern projects through Docker and hosted them using Kubernetes
- Presented project to managers, executives, and customers to receive constructive feedback

### ServiceNow Developer Intern – Leidos, Remote

*May 2023 – August 2023*

- Designed and developed the platform with self-service, automation, and performance in mind
- Tested flows and resolved bugs to ensure smooth user and developer experiences
- Created UIs that effectively and elegantly convey information to the end user

### Team Leader – Chick-fil-A, Haymarket, VA

*May 2020 – May 2024*

- Led weekly shifts to maintain the flow of the restaurant by delegating responsibilities to the team members
- Trained new team members in customer service skills, order taking, and expediting food
- Implemented and executed new ideas to improve overall efficiency of the restaurant

---

## PROJECTS

### Residence Life Web App – Team Project (Python, Scrum/Agile)

*Fall 2024 – Present*

- Create an app to assist the GCC Residence Life staff with form tracking and analytics
- Utilize APIs for geofencing, GPT integration, and integrating existing college systems

### Scheduling App – Team Project (Java, Scrum/Agile)

*Spring 2024*

- Collaborated with a team of four students to develop a course scheduling app using Agile methodology
- Designed an advanced heuristic-based search system to efficiently navigate large datasets

### Traveling Salesman Problem – Solo Project (Java)

*Spring 2023*

- Wrote a genetic algorithm to find an optimal path between a series of points on a map
- Developed a GUI to visualize progression of the algorithm

---

## LEADERSHIP EXPERIENCE

### Resident Assistant – Grove City College

*August 2022 – May 2024*

- Organized hall and building events to build a strong sense of community and fellowship
- Advised over 40 residents in both their academic and personal careers
- Led professional development during weekly staff meetings

---
